Aviselle 产品采用精选的中草药天然药材，
根据东医宝鉴及传承的民间疗法，

使用最大限度提
高效益的科学方法制成的.

Chosen specifically for their medicinal value as outlined by the ‘Dong-Yi-Bo-Gam’, the famous original text of traditional Korean medicine, the herbs picked to be parts of Aviselle’s proprietary blends are carefully selected, pure, and all natural.

Aviselle化妆品是通过工艺技术方法把复合营养物质制成2纳米物质，一种非常细微的离子脂质体胶囊类型的纯中药成分，形成与我们皮肤细胞类似的状态物质，它易被皮肤吸收，渗透，且各种营养成分活化皮肤功能，具有根本上改善皮肤的特效。

中医当做医药品使用的药材都要经过严格，细致的挑选和验证。Aviselle产品基于科学和医学相结合的皮肤美容角度进行研究，不仅确保效果，且采用已得到验证的纯中药成份物质为主原料，是安全可靠的产品。

现代人的皮肤易被各种公害物质污染，皮肤健康状态和正常机能

Formed by combining traditional and strictly controlled Korean medicinal techniques with modern nanotechnology, Aviselle is the new future of cosmetics.

Our special blend of medicinal herbs and sulfur is processed and liposome-encapsulated in 2-nanometer size, allowing Aviselle to be easily absorbed through the skin. Since our cosmetics are mostly made of the same substances that form skin cells, our products activate skin functions while being harmless. We understand the science of skin care, and have developed ways to ensure our cosmetics are absorbed without losing any of their beneficial properties. With these characteristics, Aviselle is highly

下降，积累在皮肤上的废弃物大大降低高价化妆品的效果。

Aviselle产品卓越的效能秘笈在于利用硫磺除去角质，采用了优先解毒的美丽制作方式。与一般情况下简易生产的其他产品有本质上的区别。

本会社的Aviselle产品经过长时间的研究和实验，符合时代潮流和科学发展步伐，是自然成型的化妆品概念。作为挑战世界市场的名牌化妆品将留在消费者身边。

efficient in bringing your skin to life while being completely safe for use. We developed Aviselle as a complete skin care system, and unlike many other cosmetics that have been developed with a stand-alone mentality and do not necessarily work well with other make-ups in the same product line, Aviselle products were made with a multifaceted and synergetic focus to work together and revitalize your skin to brighten your complexion. We are confident in our products and intend to penetrate through the global market with high end cosmetics that keep abreast of the times.
